

SEPARATE RAIL AGREEMENT REFUSED

WAGE PROVISION HELD IMPARTIAL

Workers Allowed Time and
a Half for Overtime
by Clause.

(By the Associated Press)
CHICAGO, June 29.—No separate agreement on the wages and working conditions can be made apart from the agreement made with that class of employees as a whole over the entire system, according to a ruling of the railroad labor board today. The decision was issued in the case of clerks in the general offices of several railroads who wished to negotiate a separate agreement, distinct from the agreement made by the brotherhood of railway and steamship clerks, freight handlers, express men and station employees.

One of the most disputed points in the negotiations of the workers agreement on the railroads was said to have been considerably cleared up today as a result of yesterday's railroad labor board decision allowing time and one-half for overtime on roads where such payment was practiced prior to federal control.

The Big Four Brotherhood and the great majority of shop craft employees continue to receive extra pay for time work after eight hours. Each brotherhood has an agreement for time and a half on all their roads. Shop crafts receive time and a half either through agreement or practice on all the greater roads except the Pennsylvania prior to government control, according to B. Jewel, head of the shop craft organization.

Site Is Surveyed Where Hugo Plans New Power Outfit

HUGO, June 29.—The site for the proposed hydro-electric power project has again been visited by a party of Hugo engineers and further specifications concerning its construction have been compiled with favorable results. This is the second trip that has been made by the party and sufficient data has been collected for justifying them in believing that the proposition is most plausible, they say, and that construction engineers should at once be permitted to come into the city and make their drawings.

Special surveys were made on this trip on Beaver Bend whereby an additional height of forty-four feet can be added to the height of the 200 foot dam, under consideration, merely by the tunnelling of five or six hundred feet through the bottom of the bend. This additional height of the dam will add considerable value to the project and can be done practically with no expense.

Beaver Bend is located about 2,000 feet below the site of the proposed dam and since it includes a distance of five miles will be a feature item concerning the cost of construction.

ULSTER PREMIER REFUSES TO MEET WITH DE VALERA

(By the Associated Press)
BELFAST, June 29.—Sir James Craig, Ulster premier, declined today the invitation extended to him by Eamon DeValera, the Irish republican leader, to meet him in Dublin. The invitation was contained in a letter to the Ulster premier and four other prominent Irishmen outside DeValera's party, asking them to meet him at Mansion House in Dublin on Monday for a conference.

COTTON BLOOMS ARE REPORTED FROM COUNTY

N. C. Hisaw, whose cotton has become an established feature of the farming history of this county, reports that he had cotton blooms on June 25 on his farm on Route 3, out of Stonewall. Mr. Hisaw is not only an early producer of cotton, but his annual yields run heavy.

McCure and Taylor, new proprietors of the Hub Clothing store, left this morning for New York City to lay in their stock of goods for fall. Their line will be one of the most complete in the city—snq joj pousoj si aouj auj uouq iness, they have announced.

Ship Is Located

(By the Associated Press)
WASHINGTON, June 29.—Army and navy air scout planes established contact with the radio controlled battleship Iowa at 10:45 a. m. today off the Virginia coast.

OKLAHOMA WEATHER

Tonight and Thursday partly cloudy.

See Oklahoma First Advice to Mere Business Man Who Wants Summer Trip for Vacation on Moderate Salary

(By the Associated Press)
OKLAHOMA CITY, Okla. June 29.—The man of moderate means, with or without a family, who is fortunate enough to draw a vacation this summer but who cannot afford the luxury of an extended rail or motor trip to the more popular resorts in the outside states, need not fret as he has more than a dozen of choice, rough, really back-to-nature outdoor amphitheatres to pick from in his native state.

If one is looking for an ideal camping spot, located in the mountains or the plain, with every scenic surrounding and all the amusement and sport which attracts the vacationist, he has only to look around him in his own state, and a survey of figures to cover the trip will in most instances be on a par with that of his salary while away.

When asked for the choicest of such locations the state affords, Ben Watt, game warden, who has traveled practically every foot of the soil in the eastern, central, southern and south-western parts of the state, wherein are situated the fishing and camping areas of the state, named a dozen of them, but suggested four of those that offer everything the out-door-seeker could want—all easily accessible by train or motor.

Zoe, in LeFlore county, on the Kansas City Southern by rail, and approachable in ordinary weather by good roads, offers exquisite vacation surroundings. The Black Fork,

Coup and Squirrel creeks are reached within a few miles, and are brim full of fish of every variety. The Kiamichi range of mountains offers exceptional camping sites and the best water in the state.

Sulphur is well-known to Oklahomans, and has the endorsement of Mr. Watts. Its lakes are full of all kinds of fish, the water is an attraction and the camping sites are too numerous to mention. From Davis, near Sulphur, the Frisco and Santa Fe take one almost to the door of the mountains.

Clayton, in Pawhuska county, reached via the Frisco, is but a few blocks from the Jack Fork, Buffalo, Anderson and Kiamichi rivers, all well stocked with fish. Little River and Neshova creek contribute further game to those who care to go up higher up in the mountains. The most casual hiker will find this a good field for a vacation, Mr. Watt says.

Those who seek higher levels and want more of the mountains can find their camping spot at Albion, farther up on the Kiamichi river. Three miles from the Frisco and one is in vast forest and mountainous areas, according to Watt, with a selection of three streams for fishing. The water in this vicinity is so clear that one can see the bottom of the creeks at 8 feet, Watt says.

To add more convenience to this kind of vacationist, citizens residing at these places are always ready to pack or drive your heavy baggage.

LADY CHURCHILL DIES IN LONDON

Former American Woman
and English Social Leader
Passes Away.

(By the Associated Press)
LONDON, June 29.—Lady Randall Churchill, was formerly Miss Jennie Jerome of New York, died here today. She married Lord Randall Churchill, second son of the seventh duke of Marlborough, and one of England's most influential political leaders of his day, in 1874.

Lady Randall Churchill's death occurred suddenly following a hemorrhage. Her son, Winston Spencer Churchill, secretary of state for the colonies, was with her.

The careers of few, if any other women in England's social and political lines, were so closely followed by the Americans as that of Lady Randall Churchill. She was a woman of diversified talents, artistic and politic. She was married three times.

Lady Randall Churchill, born 67 years ago, was the daughter of the late Lennis Jerome of New York.

Police Wound One in Attempted Car Robbery at Miami

(By the Associated Press)
MIAMI, June 29.—William Green of Tulsa is at the Miami hospital dangerously wounded as a result of a gun battle with police officers early today when two men were surprised in the garage of Fred Browning. Two other men suspected of being implicated in the attempted car theft are in jail. They had chained locks from a car in the garage when Mrs. Browning awakened and called the police. A number of car thefts have occurred in this district recently.

"FRONTIER OF STARS" IN NEW PICTURE HERE

Thomas Meighan, Paramount's big likeable star, will be seen today at the McSwain Theater in "The Frontier of the Stars," written by Albert Payson Terhune. Charles Maigne wrote the scenario and directed the picture.

The story concerns Buck Leslie, a gangster and gunman, who tries to stop a fight between Gregory, a chemist, and a bowery tough, with the result that Phil Hoyt, a bowery detective, catches Buck with Gregory's gun, making a clear case of circumstantial evidence against him.

Buck escapes to the houseboats, where he comes upon Hilda Shea, sister-in-law of Hoyt, a cripple who has spent most of her life in a wheel chair on the roof of an East Side tenement house. Hilda hides Buck from Hoyt and they become such good friends that Buck is induced to seek an honest livelihood.

CROWN MINSTREL QUEENS TONIGHT

Naming Popular Girls Who
Led in Contest is
Feature.

Rehearsals were completed last night and the entire cast of more than 50 members is ready for the presentation tonight in the East Central Normal auditorium of "Night O' Laughs," Elks' Minstrel to be given for the benefit of the lodge charity fund.

The minstrel will be the newest and most entertaining thing of its kind ever given in the city, Harry Ennis, director, believes.

A feature of the minstrel tonight will be the crowning of the Queen of the Minstrel, awarding her prize, and the distribution of three other prizes to Maids of Honor who won in the ticket sale and popularity contest. Prizes for both minstrel Queen and Maids of Honor have been on display for more than a week in the windows of local stores who donated the presents.

More than 800 tickets to the minstrel had been sold several days ago, according to Mr. Ennis, and it is believed that the local cast will play to a full house at the Normal both nights. Cabaret stunts, singing, jokes, costumes and original scenes produced under Ennis' personal direction and carried out by Ada talent will be a feature of both nights' performances. Tomorrow night the cast will present "Isle O' Spice," another comedy number.

Minstrel Queen candidates in the order of standing as announced this afternoon are: Alice McLachlan, Nora Abney, Ruth Gibson, Mildred Stotts and Carrie Roach. All of Ada. The contest closes at 5 o'clock this afternoon and standings may be changed at that time, it was explained.

Performances tonight and tomorrow night are separate and distinct, Manager J. C. Gowing said today.

Ten Injured in Fire.

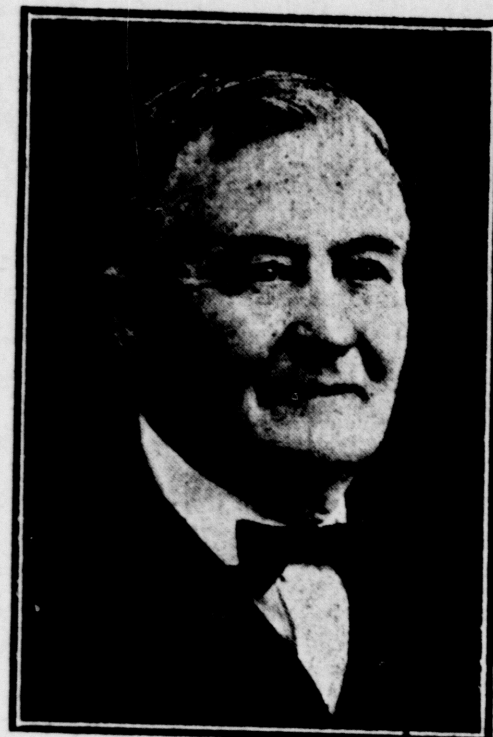

(By the Associated Press)
DENISON, Tex., June 29.—Five persons were seriously injured and five others suffered minor contusions when a three story brick building collapsed here early today.

"BIG BILL" PROMISES HIS SURRENDER SOON

CHICAGO, June 29.—United States District Attorney Clyne today announced that he had received a radio message from William (Big Bill) Haywood, convicted of sedition with other I. W. W. leaders, that he was leaving Moscow on July 12, and would surrender to the federal authorities as soon as he landed in this country.

ADA JUSTICE HAS SERVED 14 YEARS

Local Pioneer Heard 11074
Cases in Long Record
in County.

Judge H. J. Brown

Starting out with the first court in the history of Ada and Oklahoma, one justice of the peace here has completed his 11074th case and has at least a year and a half of his term before him with prospects for many more. Judge H. J. Brown, being one of the first justices of the peace ever elected in the state, helped to organize the courts immediately after statehood and has been re-elected nine consecutive times.

Brown has seen 14 years of continuous service as court judge in this county. He has never been defeated in an election and has gone through some of the most thrilling trials in the history of the state. His docket shows a conglomeration of cases ranging from petty larceny to murder. Preliminary for many murder cases have been held before him, in some instances the men being sentenced to death in their final trial.

He has tried 6021 civil cases in his fourteen years of service, or an average of about 430 cases a year, more than one a day. These cases take in almost every phase of crime allotted to the civil docket. His records also show that he has tried 5053 criminal cases. This is a smaller average than for civil cases each year, showing a considerable smaller percent of crime allotted to the docket. In many cases the culprits have gone to higher courts, finally to be set free or "sent up" for life, he said.

Judge Brown's time will expire the first Monday in January, 1923. At the rate he is receiving cases now, he will have reached 2000 more by that time.

City Still Leading in Membership Race Is Pastor's Report

Rev. C. C. Morris, pastor of the First Baptist church, submitted today a report on the contest between the Ada and Durant Baptist churches in attendance at Bible classes Sunday. According to his report Ada is leading at this time. The reports are as follows: Total present last Sunday at Durant 639, at Ada 643; total present in the Men's Bible class at Durant 147; at Ada 195.

"Durant has the name of winning that for which she starts out and Ada will have to work hard to win this contest," Rev. Morris stated. "Every member of the Sunday School should put every effort forward to get a larger attendance at the next Sunday's Bible school and endeavor to increase this number each Sunday. In this way we will have a much better chance to win."

Sankamany Given Three Years for Playing Officer

(By the Associated Press)
MUSKOGEE, June 29.—Charles B. Trailler, also known as Sankamany, a half blood Osage Indian, appeared before Judge Robert L. Williams in the United States district court here today and was sentenced to three years in the federal penitentiary at Leavenworth, Kansas, on a charge of impersonating federal officers. Trailler is alleged to have secured money to the extent of several thousand dollars to be used in philanthropic enterprises to benefit the Indians in eastern Oklahoma.

Mass Meeting Adopts Graveling Plan of Commissioner and City Will Get Details in Next Week

For three hours last night a group of Ada citizens discussed the proposition put before them by W. S. Smith for the graveling of the city's streets. His plan provided that if interested property owners contributed enough money to buy a tractor and eight wagons, he with the funds now in the city treasury for street work would put the gravel on the streets.

Many plans were offered, amendments were suggested, but after a long discussion Smith's plan was adopted with the understanding that he would submit a complete list of the equipment needed, the cost, and other definite matters soon. Paving was held possible for only a few streets and the gravel plan which will repair all the streets was decided best.

All present agreed that Ada's streets would be improved if even the smallest thing was done to them. At present, commissioners are only able to keep the streets in a passable condition and not until something of a more substantial nature is done will the streets be satisfactory, it was pointed out.

Making Up Quota.
Property owners on Oak avenue are subscribing their funds and expect to have more than their quota raised in a short time. They are all reported interested in the plan and stated that they were willing to do their part. With this in mind they are now working on the raising of the money, Mr. Smith reports.

Another meeting will be held Tuesday night of next week. At this time Mr. Smith will present his plan in definite form and it is believed that action will be taken on the matter to visit property owners and raise the money. In this way all who are interested will be given a chance to not only help out but to invest in the improvement of their property as well, he believes.

The matter of building curbs and storm sewers to hold the gravel and properly drain the streets was

brought up. Some favored the building of curbs, storm sewers, making a base of crushed rock and then after the gravel has been put on this to wet and role the streets, and a coat of oil to keep down the dust. These plans were ruled down as it was argued that this method would be almost as expensive as paving.

Plan Is Explained.
If Mr. Smith's plan is adopted by enough property owners to subscribe the sufficient amount of money to buy equipment, he will start the work of graveling the streets as soon as possible. A layer of gravel 6-inches deep and thirty feet wide will be put on all streets of the city after the streets have been properly graded and drained, according to the plan when bricks are reported in the graveling streets, wagons will haul more gravel to repair it.

An average of 223 yards of sand will be used on each block, there being approximately 500 blocks in the city to be affected, Mr. Smith estimates that the cost to the city of putting this gravel on the streets will be about 75 cents a yard, which added to the cost of grading of the street would be about \$170 per block. With a truck pulling eight yards of sand at a trip, it would take a little more than a week to gravel a block, the truck making six trips to the pit each day.

Taking one week for each block gravelled, it would be several years before every block in the city would receive the gravel. But the principal resident streets could all be gravelled in a few weeks and other less important streets repaired as fast as possible, it is said.

The important part of the plan, getting money to buy equipment, will come next Tuesday night, at the court house. The house will be called to order at 8 o'clock. "It is very necessary that those who are interested in this should be present and help us," Mr. Smith declared today. "We will endeavor to answer all questions at the meeting, and will put the plan directly before those interested."

700 WOUNDED WAR VETS ARE IN MEET

Convention Goes on Record
Opposing all Forms of
Sedition.

(By the Associated Press)
DETROIT, June 29.—Selection of a national headquarters city, adoption of a constitution and action on a number of resolutions were on today's program of the convention of the American disabled veterans of the world war.

One outstanding feature of today's session is expected to be the report of the convention committee on sedition. The committee was named yesterday after a demonstration aroused by an unsigned letter interpreted as seditious propaganda. This brought a demand for a resolution placing the convention on record against all sedition.

All the 700 delegates bear wounds of war or hospital records, including several women, former Red Cross nurses, who suffered influenza or nervous breakdowns as a result of overwork on the western front.

Among the outstanding figures of the convention are two men blinded in the war.

SCORE OF PLANES SEEK BATTLESHIP

Naval Fliers Hunt "Iowa"
to Attack Her With
Dummy Bombs.

(By the Associated Press)
NEWPORT NEWS, Va., June 29.—Planes from the Hampton Roads naval base and Langley field put out to sea at eight today searching for the radio controlled battleship Iowa prepared to attack her with dummy bombs. More than a score of scouting seaplanes left the naval base and took the air from Langley field. Weather conditions are ideal with a slight haze hanging over the Atlantic near the coast.

Radio advices received at 3:30 said that the planes were well out to sea, the scouts leading and the bombers higher up, ready to dart forward with their missiles.

CARP ALONE CALM UNDER STRESS OF ONCOMING BATTLE

(By the Associated Press)
MANHASSET, June 29.—As the day for the world's championship bout draws near, every one in the challengers camp is getting nervous except Georges and he alone appears to be worrying about as much as a school boy getting ready for a picnic. He is having fun making preparations.

Outside this he does not display the least excitement. The exclusion of visitors this afternoon was not made so much because Georges was nervous but because of his camp assistants. His friend Pierre Mallet, who has increased his cigarette consumption 50 per cent in the last few days, told them to get away because they did not want Georges bothered.

Manager Descamps has begun wringing his hands and pulling his hair and Trainer Wilson has betrayed a slight irritability.

Georges' only worry is his short hair. Since his blond pompadour was clipped by a barber of Manhasset he has been wearing a cap. He runs his hands over the top of his head and seems amused at the sensation in his fingers.

Today Carpenter enters the final stage of training and expects to be on edge when he calls a halt tomorrow afternoon.

JACK CONFIDENT OF BOUT RESULT

Champion Ends Hated Per-
iod of Delay and Now
Is Eager.

(By the Associated Press)
ATLANTIC CITY, June 29.—Today is the beginning of the end of Jack Dempsey's two months training grind. The champion, although through with workouts in the open air arena, will probably stage his last workout in the old aeroplane shed back of his training camp. The work will be light and may not include boxing.

The champion, dreading the last three days of marking time, is glad the siege of training is near an end. He does not display any outward signs of nervousness or irritability and his handlers agree that his physical condition could not be improved.

"I'll be glad to have this thing over with," Dempsey said. "You have no idea of the hardship of a long training grind. It's terrible. If I were offered \$500,000 for a fight a month from now I would not go through this again. I am tired of training. I want to take a rest. Just as soon as I can get my affairs in shape after meeting Carpenter I am going to Salk Lake City, then on west for a vacation."

Dempsey is about three pounds over the figure he expects to scale when he climbs into the ring Saturday afternoon, but expects to lose a couple of pounds today and tomorrow and another pound Friday. He will abstain from eating certain foods and will only drink water the day before the battle. He scaled 193 pounds yesterday and expects to go into the ring at 190 pounds.

Things are getting in shape for the champion's departure. According to present plans the champion and his party will leave for Jersey City Friday. The day before the battle will be the longest of all and Dempsey's handlers are preparing to nurse him with extreme care. He will spend the day in the seclusion of a private home in Jersey City and will be kept in seclusion until time to go to the arena.

MAYOR IS KILLED BY LIGHTNING NEAR MUSKOGEE

MUSKOGEE, June 29.—Miles A. Price, mayor of Porum and veteran of the world war, was struck by lightning and instantly killed at 3 o'clock Tuesday afternoon.

With the Porum baseball team, Mr. Price was on his way to Warner for a game scheduled for 4 o'clock when the storm drove them to seek shelter in the Black Jack school house, seven miles north of Porum.

Mr. Price was standing in the door of the building with his hand on the bell rope when the bolt of lightning struck him.

Guy Prachard, one of the dozen or more other young men who were standing and seated back of Mr. Price in the school room, also was struck and badly hurt, but it is said he will recover. Other members of the party were momentarily stunned.

OPEN NEW EPOCH IN U. S. EXPENSE HISTORY TODAY

(By the Associated Press)
WASHINGTON, June 29.—Executive and administrative heads of all government departments were called today to meet with Charles G. Dawes, director of the budget, to take the initial step in the inauguration of a new epoch in American government expenditures. President Harding is expected to preside at the meeting.

The first estimation on the budget will start July 1, although it is planned that it shall be subject to revision at any time if proofs of further economy are uncovered.

ALLIES DISCOVER VAST TURCO-BOLSHEVİK PLOT

(By the Associated Press)
CONSTANTINOPLE, June 29.—A Turco-bolshevik plot of vast proportions has been discovered by the allied authorities, it was announced today. Numerous arrests have been made, including the alleged ringleader of the movement.

White Sox on Trial.

(By the Associated Press)
CHICAGO, June 29.—A motion by the defense in the baseball trial that the indictment charging conspiracy for the Chicago White Sox players to throw the 1919 world series be quashed was overruled by Judge Hugo Friend here today.

DECENT JOURNALISM

The move for clean journalism all over the country is fast taking hold and favor with those publishers and newspaper men who are really clean themselves, and who have grown sick and disgusted with the publicity which has been given immorality, murder and rapine. From Maine to California and from Michigan to the Gulf, the wave of clean journalism is spreading. It shows that the day of yellow journalism is passing and that publicity of all matters touching upon the immoral or degrading will be given just as little publicity and space in the better class of dailies and weeklies as possible. The Record has always stood out for clean journalism as against the yellow, salacious stuff that has been and is yet being flaunted before the eyes of our people, believing that such publicity is injurious to the children of our country, creating, as it were, false ideals and the wrong conception of the real value of virtue, of morality and the proper observance of the laws of state and union.

Personally, during his twenty five years or more of newspaper experience and work, the editor of the Record has endeavored at all times to keep the columns of the various papers he has owned, edited and operated—in Missouri, Kansas, Wyoming and Oklahoma—clean and free from obnoxious news matter or any matter that would have a tendency to lower instead of uplift, and for this course we have neither excuse to offer nor apology to make to any, nor do we experience any regret for such a course, even though at times it has lost us money and business. We expect to pursue in the future the same course as we have in the past—conducting a fearless, clean, reliable newspaper, buying neither business nor friendship, but meriting such from those who believe in the elevation, the betterment, the happiness of mankind, in that sense that makes for the good of all, in a world filled with golden opportunities to plant a flower and uproot a thorn—and yellow journalism is one of the thorns piercing the side of humanity.—Wynona (Oklahoma) Record.

ADVICE ON WRITING EDITORIALS

It is a tradition in newspaper offices that everybody thinks he is perfectly capable of running a newspaper; when, in fact, it is a rather delicate and difficult job.

The public is its own censor and the circulation is the registry where it puts down its judgments. The rise and fall of circulation is a thermometer scientifically accurate; but it isn't everybody who can produce conditions to send that thermometer up.

The newspaper of today must be a compromise among all the varying tastes of its thousands of readers. It is impossible to please all and not necessarily desirable.

A wise newspaper man remarked the other day that every editorial you write will please forty or fifty per cent of the people and offend the other fifty or sixty per cent. It doesn't make any difference what you write about, you will split your public about fifty-fifty.

So it takes a careful step to tread the editorial ice and a willingness to have wet feet most all the time—sometimes cold feet.—Kansas City Post.

WHERE NEXT?

Lieut. Pearson, of the army aviation forces, flew down into the Grand Canyon in Arizona a few days ago, made a safe landing, took off and got back to level land. At least one aviator has made a non-stop flight across the Atlantic. Aviators have topped the mountain ranges and have dipped into the lowest valleys.

Within a few days a bold airman will attempt to land on top of Pike's Peak. Another will attempt to fly from the Pacific to the Atlantic across the United States without stopping. That is only a matter of time until "argosies of commerce" will flit to and fro across the continent and across the seas. The airman know no limit. Neither time nor weather nor atmospheric conditions daunt them. In a few years who knows that they will not encircle the globe in a few hours, discover new lands and find new races in the bleak regions of the frozen climates.

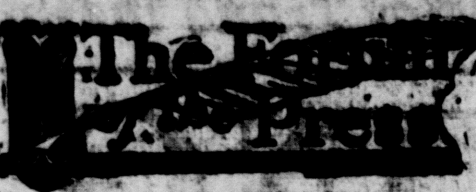

All honor to human birds. They are making a world tingle with their exploits and their thrills. The imagination of the human mind cannot conceive of the possibilities of the future in aircraft construction and use. On new feats we will dream new dreams and see them come true.

NO STRIKE LIKELY

We believe the railroad workers will let their reason guide and abstain from a general strike as a result of the cut in wages. We have been going at too rapid pace, not only employees but employers as well. Individuals who have their money tied up have taken heavy losses. It is only natural that the drop from the high prices of a year ago will hit all sooner or later.

The cost of living is much cheaper than a year ago when the wages were increased. Some meat cuts are not half as expensive as twelve months ago. Sugar is selling for about one-third as much. Shoes are down, and clothing is considerably lower. Rents are down very little as yet, but like other things they will eventually get back to nearer normal.

Business is getting back to normal, and every set of people will have to be content with fewer dollars. At the same time the fewer dollars will represent more bread, more shoes and more clothes.

BUSINESS MAN SAW NO HOPE OF RELIEF

Comments given below do not of necessity reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

Tulsa-Tribune: Added to its other troubles, oil is now charged with having a hand in the events of last week which put Tulsa into the headlines of every paper in the country. Editorially, the nation has commented on and criticized the conditions which made possible the disgraceful episode. Some of the comment has been intelligent; some has shown the most amazing ignorance. The height of assiduity and ignorance was exhibited in a news story which appeared in the New York World of June 3 under the caption, "Trace Tulsa Riots to Oil Land Greed."

Accepting the word of five negroes who admitted they had not been eye-witnesses of the scenes in Tulsa, the World reports that the race riots "were engineered by a group of white oil men determined upon wresting from the negroes valuable holdings."

Oil has been charged at one time and another with pretty nearly every crime on the calendar, but the charge that oil precipitated the disturbances last night is one of the most insane yet filed. Were it not so ridiculous, it would be serious. It shows the complete lack of understanding which the east has generally of conditions west of the Hudson, especially New York, with its amusing provincialism.

The news story goes on to tell of printed notices in Oklahoma newspapers, warning negroes to leave the state. It quotes these same five negroes with statements that the race for oil lands had become so keen between whites and blacks that the white men were refusing to employ negro labor and were persecuting the wealthier of the race. Insisting that the riots were carefully planned the refugees declared that trainloads of ammunition had come into town shortly before the announcements; negroes' homes were searched for arms, and a rule made that no ammunition was to be sold the negroes except by permit. Had some of these things been true, the story continues: "Most of the Oklahoma land was owned originally by Indians and half-breeds. White men and negroes from all parts of the south came to Oklahoma and bought the lands. During the last decade in the Tulsa region white men sought to buy up all land held by negroes. In Tulsa, up to the time of the riots, approximately 500 negroes held oil lands."

Tulsa negroes suffered no physical violence during the past few years, although petty persecution was common. Mrs. Johnson said negroes could not vote, sell merchandise or farm (at least profitably, because of a system of mortgages). But the dividing line between the whites and the blacks, the refugees said, was the dispute over oil lands.

To those familiar with the facts, these statements are so absurd as to bring a smile. The amazing thing about the story is not the tales carried by the negroes in whose telling the stories doubtless lost nothing and gained much, but that a reputable newspaper would listen with credence to such accounts, accept them without investigation for even a shadow of the truth, and show such appalling ignorance of its own country as to print the amusingly stupid story.

OLD TIMER IS BACK

"My friends had all given me up and never expected to see me around again. I had given up hoping myself, as no medicine touched my case. The doctors had tried everything. My food did not digest and filled me with gas. My brother in Philadelphia wrote men to try Mays' Wonderful Remedy. The first dose gave a wonderful relief and I am now as well as I ever was and feel thirty years younger." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and all the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold at Gwin & Mays Drug Company.

Form Tenant's League.

(By the Associated Press.)
OKLAHOMA CITY, June 29.—A state tenants' league is now in the process of formation. Its backers include State Labor Commissioner Connally and Justice of Peace W. P. Hawkins of Oklahoma City. Connally threatens to initiate a bill to penalize profiteering landlords at the next state election unless rent situation improves.

If you cannot eat heartily without an attack of indigestion, your stomach is weak. You need Prickly Ash Bitters. It is a fine digestive tonic. Besides, it rids the stomach and bowels of the impurities which bring on sickness. Price \$1.25 per bottle. Gwin & Mays Drug Co.

Chandler To Buy Flag

Business men of Chandler have joined in providing a fund for the purchase of a silk standard for Arthur J. Mathey Post No. 64 of that city. Although the standard, consisting of an American flag and post colors costs only \$140 the business men turned over \$190 to Earl Coombs, post adjutant.

Entertain Post

Members of Atoka Post No. 48 and its women's auxiliary were entertained on June 24 at Limestone Gap with a barbecue. Mr. and Mrs. Coleman Ward, members of the organization, provided the entertainment.

Ask Post Histories

Publicity officers and historians of all posts of the American Legion in the state are being asked to write accounts of the accomplishments of their posts for publication in a special state edition of the Daily Oklahoman. Articles may be accompanied by pictures of post club houses, athletic grounds or memorials.

Relief Bill Extensive

The \$25,000 soldiers' relief fund which becomes available on July 1, will be for the aid of wives, widows or dependent children of ex-service men as well as for the assistance of veterans who are in need, according to provisions of the Legion bill passed by the legislature. Applications for aid may be made through any post of the American Legion in the state.

The American Legion's bonus legislation for service men of Oregon was sustained by a three to one vote in a recent referendum. It provides for the payment of \$15 for each month of service.

LOCAL WOMAN IS DAZED BY LIGHTNING STROKE

Mrs. C. R. Drummond of 700 East Tenth street, was dazed several minutes and barely escaped a more serious accident, she believes, when a stroke of lightning struck near her home about 3 o'clock yesterday afternoon ran down the electric wires, into a small motor on her sewing machine and through her body.

Although the shock was not serious, Mrs. Drummond suffered all afternoon from the effects of the stroke, she said. Mr. Drummond, of the Drummond and Alderson clothing company, was in the tailor shop in the rear of his store and knew nothing of the accident until some time later.

A pair of scissors with which she was cutting out garments while sitting near the sewing machine made contact with the electric motor, it is believed. The shock ran up her right arm, through the body, and down to the left hand. Mrs. Drummond was fully recovered this morning.

For the good old summer-time here is a Joseph mushroom done in orchid colored horsehair trimmed with orchids.

In the Good Old Summer Time

"In the Good Old Summer Time" was a popular song several years ago. That was in the days when a dish of ice cream sold for a dime and a malted milk for a dime. Soft drinks are much higher now and then there is the little old war tax besides. You'll have to admit though that we use the very best of syrups, fruit flavors and all the touches that go to make up your favorite summer delicacy or drink. Yes and we serve just a bit larger quantities than in the olden days. You can always count on a clean glass, for one of our hobbies is the fountain service par excellence in the matter of cleanliness and sanitary precaution.

NEW LOCATION FOR NEW YORK'S INSIDE "CURB" MARKET FOR FRENZIED FINANCE

New inside quarters for New York's curb market, showing the trading floor.

The Curb Market Association of New York city will soon desert the quarters on the pavement of Broad street for a warm, dry and handsome new building on Trinity place. The photo shows the trading floor of the curb's new quarters, which is rather more dignified than the dingy windows full of snappy office boys semaphoring orders, but perhaps there will be just as much excitement here. A new out-of-door curb market, however, is scheduled to take the place of the old one doing a similar trading business.

IN SOCIETY

H. S. Darlington has just returned from Chicago where he attended the funeral of his father.

Mrs. Ethel Blooming left yesterday afternoon for Purcell where she will spend the mid-week visiting relatives.

Postpone Meeting.
The business and social meeting of the Y. W. C. A. planned for Thursday afternoon of last week was postponed on account of the bad weather and other meetings in progress at the time. A splendid program had been arranged for the meeting, which will be given at the next meeting.

The date for the meeting has not yet been set, but will probably be held this week. Members of the club are anxious to make a showing this term and invitations have been sent out to a large number of girls in the school. The rest room for women on the first floor is under the supervision of the Y. W. C. A. which is said to be one of their best works for the summer.

Informal Party Held.
Faculty members and friends gathered at the Normal gym last evening and enjoyed themselves greatly. This was their first real get together meeting of the summer term at which time the resident faculty were hosts to the special summer faculty.

The affair was entirely informal and it was a late hour before they went home. All present voted it to be one of the best they had attended of this nature.

Social Activities.
Social activities in the city this week have been fewer than usual on account of the bad weather, many of the leaders of social circles being out of town on their vacations. Weddings have also been fewer this week than last.

Principal social events consisted of small informal parties, entertainment of visitors, and club meetings. One of the most important of these was the normal faculty entertainment.

In The Oil Fields

The Pontotoc Petroleum Trust company spudded into the well on the Hatcher farm in the SW SW of Section 4-4-5, yesterday afternoon and drilled 70 feet. Drilling today was reported to have reached about 150 or 200 feet with no delays.

Dew
Like tears the night has wept; the dew,
A-tremble, lay upon the gardens bloom,
And brimmed the webs the spiders wove
Through dusky hours, upon some fairy loom.

Oh, Night! What is your wracking grief?
Are you beset with more than mortal fears
That you should drench my garden's bloom
Throughout the scented dark, with jeweled tears?
—Cora Lapham Hazard in Cartoons Magazine.

NORMAL NOTES

Superintendents Meet
City and county superintendents who are no win the Normal as teachers and students, together with the graduates of this and other state normal schools, met yesterday afternoon for the purpose of bringing about a better co-operation between the Normal and the district in general. Plans were tentatively developed for an organization, the purpose of which is to give the Normal school the right sort of publicity in the various sections of the Normal district. Superintendent G. S. Dowell of Tecumseh was chosen as president of the student-teachers' association of East Central and a committee was appointed to draft a constitution and by-laws. It is not the purpose of the new organization to take the place of or interfere with any existing organization. The object is to promote good will between the district. Among those who spoke at the meeting were Supt. Faust of Shawnee, Dowell of Tecumseh, Herring of Wynnewood, Casteel of Maude, and President Linscheid.

To Confer With Lions
Representatives of the various counties represented at the Normal school chose the following committees to confer with a similar committee selected by the Lions' club of Ada for the purpose of completing the Memorial Gateway for which contributions were secured throughout the district during the incumbency of President J. M. Gordon. Supt. H. G. Faust of Shawnee, Supt. A. B. Herring of Wynnewood and Principal F. L. Stewart of Okmulgee.

School Must Run Longer
The State Board of Education has ruled that all summer schools must continue until Friday, July 22nd this summer. School will close at the close of the last school period Friday, July 22. Students who leave before that time will have their work marked incomplete. It is therefore necessary for them to plan to stay until Friday evening. Those who receive their diplomas and degrees may consider themselves at liberty after the commencement exercises, Thursday July 21.

No School Monday
Monday being July 4, there will be no school. Many students are planning to go to their home communities to celebrate the day.

Graduates in Demand
Normal school graduates are in demand; superintendents are constantly seeking their services. There is probably not a normal school graduate in the East Central district who has not secured employment at a good salary for the coming year.

Busy Registrar
One of the busiest offices in town these days is the office of the registrar. Since the fiscal year closes the last day of June, there is a multitude of work in clearing up old accounts and getting things ready for the new year. Mrs. Carter, registrar, states that she will clear up all business pertaining to the present fiscal year today.

Among former students who have paid the Normal school a visit this week are: Miss Clarie Cartwright and Conn Roach. Both are graduates of the institution. Visitors are always welcome and former students particularly so.

DURANT—Sale of \$684,000.00 worth of the county's \$900,000.00 road bonds and deposit with the highway department of \$612,933.00 assures Bryan county of getting \$1,225,267.00 for road work, according to the county engineer.

Dr. Warner, D. O., the eyesight specialist, will visit Ada every third week; office with Peoples Drug store, 219 East Main street. Have your eyes examined and proper glasses fitted. No extra charge for residence calls. Phone 662 for appointments and date of next visit. 6-22-1mo.

H. O. Weaver of Stonewall died at the local hospital at 11:30 last night. He did not recover from an operation of a few days before. He is 34 years of age and leaves a wife and two sons. For several months he has been employed at the McCoy Hardware store of Stonewall. His body was shipped to Stonewall today where funeral services were held. Burial took place this afternoon in the Stonewall cemetery.

Oklahoma City Man Will be Leader in Mine Strike Scene

(By the Associated Press)
COLUMBUS, Ohio, June 29.—The third special venire was drawn in an attempt to obtain a jury in the trial of Alexander Howat and August Dorchy, Kansas miners' union officials, charged with calling out a strike in violation of the Kansas industrial court law. Twenty-four names were drawn and the veniremen summoned. Ten men were in the jury box but the state had one challenge remaining and the defense four.

A demonstration in favor of Howat and Dorchy will be held in Columbus tomorrow afternoon, it was announced today. Dan Hogan, Oklahoma City editor and socialist leader, and W. M. Freeman, president of the Kansas federation of labor, are to be the principal speakers. A band from Frontenac will play and special car service on the interurban to bring miners from the coal camps to here is being arranged, it was said.

Bank of Nations Proposed to Act as Agent of U. S.

(By the Associated Press)
WASHINGTON, June 29.—The establishment in New York of an international banking institution known as "the bank of nations" with \$2,000,000,000 capital, to act as the fiscal agent of the United States and such other governments as might be admitted as stockholders, is proposed in a bill introduced today by Senator Hitchcock, democrat of Nebraska.

You are responsible for the sight of your child and should take steps to see that he is not handicapped in school work by defective vision.

Backwardness in study, especially, should be taken as an indication of possible eye trouble—while even the clever scholar who frowns while working, or who suffers from frequent headaches, may be suffering from eye strain.

The eyes of every child should be examined to make quite sure whether glasses are needed or not.

CO-ON

Oxens Beat Tractor in Hilly Region of East Is His Belief

(By the Associated Press)
KANSAS CITY, June 29.—While thousands of tractors are reported to be on their way west, shipped to farmers from eastern manufacturers, there is a representative of Connecticut farmers in Kansas City buying oxen to work on Connecticut farms.

This man is C. F. Coleoid, an Illinois farmer, who also operates in Connecticut, and represents farmers there.

Mr. Coleoid attends the sales at the stock yard, keeping on the look out for old steers which would not be very good as beef cattle but which are usable as work cattle. These he buys and sends back to Connecticut where they are auctioned off to farmers. Owing to the condition of the hilly country he states that they are the most practical motive power for pulling plows and farm machines.

Mr. Coleoid's peculiar mission has attracted the attention of many farmers who come into the yards with stock and he has been the butt of jests at the old fashioned means used "back east" when the west is turning rapidly to motorized farm machinery. In reply to these humorous remarks he said:

"You know Connecticut farmers are a little old-fashioned. It is a common practice among these Yankee farmers in the old New England states to cut grain by hand and to plow with a team of oxen. All these cattle which I send back are auctioned off by the head, some farmers coming as far as fifty miles to attend the sales."

Prohibition Cuts Crime Is Opinion of Social Expert

(By the Associated Press)
MILWAUKEE, June 29.—Evidence has been found which seems to indicate that prohibition, even with the difficulty of perfect enforcement, seems to have a decided effect upon criminality, Professor J. L. Gillin, of the University of Wisconsin told the National Conference of Social Work at its session here this morning.

"The study of the situation in Grand Rapids, Mich.," Prof. Gillin stated, "showed that during the first year of prohibition there was a reduction of 54 per cent in court cases and of 45 per cent the second year. It is a well known fact that the excessive use of alcohol is connected with certain crimes more directly than with others. Crimes of violence are more influenced than crimes of cunning."

"Dr. Elwood told us that alcoholic psychosis had decreased in the New York State hospital since prohibition went into effect. The percentage of first admissions decreased from 8.6 percent to 4 percent in 1919."

"In Indiana, in 1920, the average daily number in the state prison was only 909 as compared with 1209 in 1917. In the reformatory the number had decreased from 1276 in 1917 to 709 in 1920. In the woman's prison from 55 to 45. The number of women misdemeanants in the correctional department of the women's prison had decreased from 111 to 37; the misdemeanants at the state farms had decreased from 693 to 294. There was a slight decrease in the number in the boys' school and a slight increase in the number in the girls' school for those years. The commitments to the state farm dropped from 2322 in 1916 to 993 in 1920; to the correctional department of the woman's prison from 342 to 91; the number sentenced to jails from 9896 to 2192."

Sour belching and a burning sensation in the throat is a symptom of indigestion, and indigestion leads to serious diseases. Take Prickly Ash Bitters, it corrects the digestive trouble, and purifies the stomach and bowels and makes a man feel good. Price \$1.25 per bottle. Gwin and Mays Drug Co.

STATE BAR WILL URGE NEW CIRCUIT COURT AREA

OKLAHOMA CITY, June 29.—The Oklahoma Bar Association will send a representative to Washington to urge passage of the McKellar-Swank bill, proposing the creation of a new circuit court of appeals district comprised of Oklahoma, Tennessee, Arkansas and northern districts of Alabama and Mississippi. The creation of this district would necessitate the appointment of three new circuit court judges.

A school girl said at school today, "I got the shoe I have wanted." Another girl said, "how did it happen?" "Because Moser's has them in Brown and Black Satin," Moser's Department Store. 6-28-21

UNIVERSITY TO GIVE WORK IN LEADERSHIP

(By the Associated Press)
NORMAN, June 29.—(Special)—Enrollments are being received at the University of Oklahoma from all sections of the southwest for the 1921 Summer School of Community Leadership, which will open Monday, July 11 and last until Saturday, July 16, by the American City Bureau of New York, working with the University of Oklahoma. This is the first school to be conducted in the southwest for the training of public workers and private citizens interested in civic commercial development.

The 1921 Summer School of Community Leadership at the University of Oklahoma is to be a study course in fundamental principles of community organization and lectures on specific problems existing in each community. Lectures on such community problems as railway rates, bond issues for public improvements, developments of trade territory, city planning and good roads are to be given.

Among the prominent men who will appear on the program are J. F. Owens, general manager of the Oklahoma Gas and Electric company; George L. Browning, president of the Oklahoma City Liberty National Bank; Walter M. Harrison, managing editor of the Daily Oklahoman; A. E. Kull, secretary-treasurer of the Oklahoma Farm Power Equipment club; R. A. Singletary, secretary of the Oklahoma Good Roads association; and Fred Suits, attorney for the Oklahoma City Planning Commission, all of Oklahoma City.

"Oil Geology of the Southwest," will be the subject of a talk to be given by C. W. Shannon, director of the Oklahoma Geological Survey, while University of Oklahoma faculty members who will appear on the program will include Dr. A. B. Adams, Dr. A. C. Scott and Dr. E. E. Dale.

Members of the American City Bureau staff, headed by Samuel Wilson, Chicago, who will be dean of the Oklahoma summer school, will train chamber of commerce secretaries in such organization principles as financing a civic organization, organizing and directing committees, securing and retaining members, conducting popular campaigns, writing effective publicity and forceful letters and office management.

All Family Heads at East Central Are Owners of Homes

Of the regular faculty of East Central Normal not one who is a head of a family or has others depending on them is without a home, bought and paid for, it was cited today. This is probably the only Normal in the state that has such a large percent of home owners among the faculty, especially the head of families, it is believed.

Faculty members who own their own homes are Professors R. R. Robinson, E. C. Wilson, E. A. MacMillan, E. H. Nelson, M. B. Molloy, B. A. Pratt, R. S. Newcomb, Hugh Norris, Misses Kate Knight and Emma Keller and Mrs. Ruth Carter. The president's home is furnished him by the state. Of these, all have people depending on them. Most of them have bought and paid for their homes after coming to Ada. Some sold homes in other places when they moved here, it is reported.

When the instructors know that they can go home after the days work is done at school, make plans for the home which they know is for them, have no rent bills to worry about or new homes to look for each few months, they are then better able to give more and efficient service to the students in the school room, it is said.

The "Heal All" of the Indians
There is an herb which grows wild on our Western Plains known as "Manzanita" and to which the Indians attribute wonderful curative and healing virtue.

There is no question but that nature has bounteously provided in the roots and herbs of the field a remedy for many of the ills to which human flesh is heir. This is demonstrated by the wonderful success of that root and herb medicine, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women of America from some of the worst forms of female ills. It will certainly pay any woman who so suffers to try it.

SCOUT IS REWARDED FOR SAVING WOMAN

CHARLESTON, W. Va. June 29.—Dale Johnson, an eighty-five pound Boy Scout, has been given the scout medal of honor for saving the life of Mrs. Rose Ashworth here at the peril of his own.

Scout Johnson's deed required not only courage, but presence of mind and skill, because he entered a room of her burning home, wrapped Mrs. Ashworth in a wet blanket, and carried her through smoke and flames to safety. The presentation of the medal was made in the Supreme Court room here in the presence of a distinguished company.

Hard work acts unfavorably on the body that is bilious or constipated; producing low spirits, weakness and loss of energy. Prickly Ash Bitters is the remedy that men use as a system cleanser and invigorator. It creates energy, good appetite and cheerfulness. Price \$1.25 per bottle. Gwin and Mays Drug Co.

Just received white kid slippers, baby Louise and high heels.—Burr's Style Shop. 6-23-21d

Stock Your Pantry Now for the Price of 1920 Sugar Bag

(By the Associated Press)
STILLWATER, June 28.—A family can buy enough foodstuffs for the same price that a sack of sugar cost in 1920, to replenish its pantry for about a month, according to a comparison of prices of food prepared by the domestic science department of the Oklahoma A. and M. college here.

It is shown that in 1920 a sack of sugar cost \$30, whereas today, for this sum, the following articles can be purchased, and still have \$2 left for the "movies" and ice cream:

Sack of sugar, \$5.50; 100 lbs. flour; 3 lbs. coffee; 1 large can of lard substitute; 17 bars of white soap; 8 cans salmon; 6 cans No. 2 Pork and Beans; 8 cans oil sardines; 2 pounds dried peaches; 1 package cocoa; 1 gallon peaches;

3 packages spaghetti; 1 carton of matches; 5 packages of starch; 3 packages of soda; 4 cans milk; 2 small cans of each peaches and apricots; 1 bottle snuff; 1 pound good candy; 1 plug tobacco, and 1 pail syrup. Total \$28.

Prince Albert's a new note in the joys of rolling 'em!

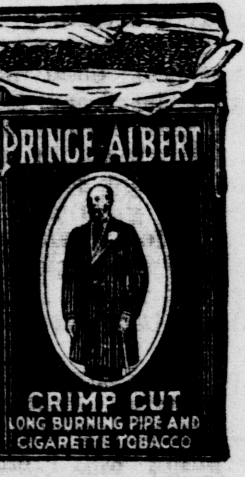

Talking about rolling your own cigarettes, we'll tell you right here that Prince Albert tobacco has 'em all lashed to the mast!

You've got a handful-of-happiness coming your direction when you pal it with P. A. and the makin's papers! For Prince Albert is not only delightful to your taste and pleasing in its refreshing aroma, but our exclusive patented process frees it from bite and parch!

And, for a fact, rolling up Prince Albert is mighty easy! P. A. is crimp cut and stays put and you whisk it into shape before you can count three! And, the next instant you're puffing away to beat the band!

Prince Albert is so good that it has led four men to smoke jimmy pipes where one was smoked before! It's the greatest old buddy-smoke that ever found its way into a pipe or cigarette!

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge moistener top.

PRINCE ALBERT the national joy smoke

And so it will be until the end of time. Men fighting the good fight, all struggling toward the one goal, "Financial independence and happiness."

Some will succeed, more will fail, some will arise and go on, others will turn back. Those who fail will say of those who succeeded, "I wish I had done as he did."

Don't be one of that kind, you can protect yourself against it by doing the wise thing. Save and put your money to work for you. Invest conservatively, and where your money is safe with a good return.

The only reason Jones owns his own home and drives his car, while Smith is down and out, is because Jones did the wise thing. You can't eat your pie and have it.

HARDING FAVORS DISARMING PLAN

Essence of Policy and Not Wording Is Important Says President.

(By the Associated Press)
WASHINGTON, June 29.—"It is wholly desirable to have expressions of favorable opinion on the part of congress relating to world disarmament," and "it would seem to me ample that it should express it in the broadest and most general terms," President Harding wrote today to Representative Mondell of Wyoming, the republican leader of the house.

"I am vastly more concerned with the favorable attitude of the congress on this question than I am as to the form of expressing that attitude," President Harding added. "You may be sure that the executive will be favorably disposed toward any action the members of the two houses of congress may find themselves disposed to make."

In placing the letter before the public Mr. Mondell announced that he would read it in the house, when the Borah disarmament amendment was reached during the consideration, probably late today, of the conference report on the naval bill. He had indicated that they would substitute for the Borah bill probably the Porter amendment.

LEGISLATOR FACING TRIAL FOR SCANDAL

(By the Associated Press)
OKLAHOMA CITY, June 29.—State Representative J. Q. Denny of Guymon, today was to stand trial in the district court here on a charge of immorality.

The charge involves Miss Virginia Lloyd, daughter of a Methodist minister of Oklahoma, who committed suicide here recently. The trial promises to rival in state interest the famous Clara Smith murder trial. Denny charges the case against him is "framed."

The girl took her life by firing a bullet into her breast a short time after Denny had caused her arrest on a charge of having threatened him with a revolver and she in turn had caused the legislator's arrest on a charge of having stolen a beaded bag from her. Miss Lloyd denied she had threatened Denny and at the police station told a story of having lived intimately with the legislator for the last six months. The charges which were later placed against Denny were based on this story, according to county authorities.

Miss Lloyd said she met Denny about three years ago at Guymon. She claimed she was innocent of any wrong doing until she met him. When the state legislature opened last winter, Denny asked her to come and live with him, according to the girl's story. This, she said, she did for about six months.

OKLAHOMA CITY, June 29.—The trial of J. C. Denny, state legislator from Guymon, on a charge of living immorally with Virginia Lloyd, who committed suicide here following the close of the special legislature, was continued till fall. On motion of the defense attorneys the case was stricken from the docket and reassigned to be tried in September.

TULSA—Carl Morris, "Oklahoma White Hope" will meet Charley Weinert of Newark, N. J., in a 12-round bout at Convention Hall here soon. They are heavyweights.

NOWATA—The board of equalization has decided on a complete equalization of property in Nowata county, amounting to a new assessment for every piece of real estate and stocks in the county.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

"If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years."

Try Cardui!

Bout Officials Are Evading Boxing Law in Petitions Today

(By the Associated Press)

JERSEY CITY, June 29.—The Reverend Frank Wyatt, representing the Clergymen's Community club of Jersey, today made before Prosecutor Pierre Bryan a bill of complaint to stop the Dempsey-Carpentier bout here Saturday.

A letter accompanied the bill, charging principals with a conspiracy to "pervert the boxing or sparring law and also to violate the Crime Act prohibiting prize fighting."

Samuel C. Gilson of the council for the clergymen, said that an affidavit had been submitted and witnesses were prepared to appear before the grand jury or to testify in whatever action the prosecution may take.

STILLWATER—A cotton grading school will be conducted under the auspices of the A. & M. college here July 5 to 29. Dr. Beeson will have charge of instructing in grading and marketing cotton and other crops.

MANY AT NORMAL OUT FOR DEGREE

Former Students Coming
Back to Get College
Work.

For the first time in the history of the East Central State Normal, a large number of students are working toward their B. A. degrees. This was made possible by the State Board of Education less than two years ago when it made first class four year colleges of the state normals. Former students and graduates have shown their appreciation of the action of the board by coming back in large numbers and taking up the degree work, normal authorities say.

Forty-two students here are former graduates of state institutions. Six of the number are far enough advanced to receive their degrees at the close of the summer term. The two classes have formed a life organization and introduced several innovations during the summer session. A graduating exercise will be held at the close of the summer term.

The class is being sponsored by Prof. R. S. Newcomb. The class address and graduating exercises will be in charge of Dr. W. A. Brandenberg, president of the Pittsburg, Kansas, manual training Normal. Supt. R. H. Wilson expressed himself recently as being surprised at the large enrollment and stated that the Ada Normal was to be commended for its college work and the number of members in the class.

To Give Banquet
A banquet will be given in honor of the graduates by the junior students. Class officers elected at the first meeting are J. W. Zimmerman, president, S. O. Henshaw, vice-president, and Edna Rayburn, secretary.

Following is a list of the students working for the B. A. degree: J. W. Zimmerman, J. H. Randall, Taylor Mitchell, Clara Kyle, Kate McKeown, H. A. Bower, Gilbert D. Jenkins, Oliver Vernon, T. K. Treadwell, Mary Bell Sullivan, Carrie Roach, William Riddle, Edna Rayburn, Mrs. Ruth Patterson, Oscar Parker, W. K. Newcomb, Mrs. F. M. McCracken, James Hodges, Iva McAlister, Mabel Dowell, Mrs. Miller, Mrs. Edna Dickerson, C. R. Cox, Verna Lane, Alma Lane, Emaline Collins, M. R. Brents, James W. Huff, Oscar M. Kimbrough, Mrs. O. M. Kimbrough, Mildred Kerr, Savanna Keithley, W. W. Jones, Nell Jackson, S. O. Henshaw, Mrs. Helena Hicks, Jackie Hardon, Mrs. T. E. Grey, G. S. Dowell, H. F. Dowell, Arie Crumley, and Edith Watts.

COMMANDER-IN-CHIEF OF U. S. ARMY AND HIS RIGHT-HAND MAN SEE POLOISTS

President Harding and Gen. John J. Pershing at the polo field. This photo of President Harding and his new chief-of-staff, Gen. John J. Pershing, was taken while the leaders were witnessing one of the international polo matches between American and Cuban teams.

MANY TOWNS TO BE VISITED SOON

Ada Merchants Association
Will Go After Trade in
Surrounding Country.

The members of the Ada Merchants Association will make three trips in the interest of the Second Monday Trades Day to be held in Ada Monday, July 11. A band will be taken along and many of the merchants and other interested business people are expected to go along.

Advertising is going out to the various towns announcing the coming of the trade boosters.

The trip the first Wednesday, July 6 will start from Ada and reach Center at 8:30. Maxwell will be reached at 9:30; Voss at 10:30; Stratford at 11:30; Sulphur at 1 o'clock, where lunch will be obtained.

In the afternoon the boosters will reach Hickory at 3:30; Roff at 4:30; Fitzhugh at 5:30 and home some time later.

On Wednesday, July 7, the trade

boosters will go south, reaching Franks at 9:00 o'clock; Pontotoc at 10:30; Connersville at 11:30; and Bromide at 12:30 where lunch will be served. In the afternoon they will get to Centrahoma at 2:30; Tupelo at 3:30; Jesse at 4:30; Stonehill at 5:30; and Ahlosa at 6:30.

On Friday, July 8, Francis will be reached at 9:00; Allen at 11:00; Steedman at 3:30 and Lula at 4:30. Lunch will be obtained at Allen.

Much interest has been manifested by the business men of Ada in this move to get more business. But the trips will be made not only to get more business, but to get acquainted with the men and women throughout this territory.

PRESIDENT PROMISES SUPPORT TO ECONOMY

(By the Associated Press)

WASHINGTON, June 29.—President Harding pledged his administration to a new era of economy and efficiency in opening today the first budget conference with cabinet and other high officials of the government. He told his auditors that there was no menace in the world today like the tendency of extravagance in public expenditures.

MIAMI.—A total of \$2,346,564.42 has been handled by the county treasurer of Ottawa County in the last two years, "with \$10.40 unaccounted for," according to his statement to the commission.

SCHOOL FACULTY LISTS COMPLETE

City Superintendent Makes
Public List of Teachers
for Next Year.

A complete assignment of teachers for all city schools was made public today by City Superintendent J. E. Hickman. Only two teachers, both for the high school faculty, are yet to be supplied. They are head of the English department and instructor of violin.

A total of 78 teachers, including the faculty of the high school and general music and writing and drawing supervisors, will be used in the city schools next year, according to Mr. Hickman. Each of the five city ward schools will have nine teachers each, the high school will have a faculty of 31, and the Napier colored school will have two.

Following is a list of teachers for all Ada schools:

Music Supervisor—Miss Inez Donaldson; writing and drawing supervisor, Mrs. H. F. Felix.

High School.
Principal, A. L. Fentem; registrar and librarian, Miss Beatrice Norrell.

English Department—Head to be supplied; assistants, Miss Kathleen Brock, Mrs. Edith M. Lee, Miss Gladys Coble.

History Department—Head, John W. Whipple, assistants, C. R. Cox, J. W. Zimmerman.

Mathematics Department—Head, H. F. Felix; assistant, Miss Eunice Bills.

Science Department—Head, W. A. Hill; assistant, Oscar Parker.

Language Department—Head, Miss Nell McClure; assistant, Miss Grace Beauchamp.

Manual Training Department—Head, D. T. Bradshaw.

Commercial Department—Head, Miss Mabel Norwood; assistant, Miss Abbie Kitchens.

Home Economics Department—Head, Miss Ira Gregg; assistant, Miss Bess Kay.

Student Activities—W. A. Hill, band; A. L. Fentem, orchestra; C. R. Cox, athletic coach; Miss Gladys Coble, girls' physical training; J. W. Zimmerman, boys' physical training; John W. Whipple, debate and literary societies.

Piano—Miss Willetta Kittell.

Expression—Miss Eloise Adams.

Violin—To be supplied.

Willard School.
A. D. Bolton, principal, mathematics; Mrs. T. W. Fentem, history and reading; Miss Mary Chisholm, English, Geog. and Phys.; Miss Neva Kennon, music, writing and drawing; Miss Nell Hodge, fourth grade; Miss Annie Lee Bolton, third grade; Miss Cathrine Grant, second grade; Miss Lillian Hodge, A-first grade; Miss Beatrice Craig, B-first grade.

Irving School.
Oscar Kimbrough, principal, mathematics; Miss Bonnie Mitchell, English, Geog. and Phys.; Mrs. Jessie Bagley, music, writing and drawing; Mrs. Oscar Wimbrough, history and reading; Miss Rose Elliff, fourth grade; Miss Hazel Strom, third grade; Miss Lucile Harrison, second grade; Miss Verna Grant, A-first grade; Mrs. Anna Rice, B-first grade.

Glenwood School.
Mrs. Mary McCoy, principal, mathematics; Mrs. J. C. Deavers, English, Geog. and Phys.; Miss Gervis Bills, music, writing and drawing; Miss Oma Laird, history and reading; Miss Hazel West, fourth grade; Miss Alyne Duncan, third grade; Miss Anna Lipstrue, second grade; Mrs. Lee Smith, A-first grade; Miss Mollie Russell, B-first grade.

Hayes School.
E. E. Emerson, principal, mathematics; Miss Vernon Bates, music, writing and drawing; Mrs. Wick Adair, history and reading; Miss Willie Thompson, English, geog. and phys.; Miss Lois Heard, fourth grade; Mrs. T. W. Edwards, third grade; Mrs. F. E. Gray, second grade; Miss Lucile Griffith, A-first grade; Miss Cathrine Grant, B-first grade.

New Ward School.
J. H. Hodges, principal, mathematics; Miss Mildred Kerr, music, writing and drawing; Mrs. J. E. Butcher, history and reading; Miss Josephine Purvine, English, geog. and phys.; Mrs. Annie Byrd, fourth grade; Miss Irma McCulloch, third grade; Mrs. Nona Pickens, second grade; Mrs. Grace Van Eaton, A-first grade; Miss Lela McCalister, B-first grade.

Napier School, Colored.
W. E. Ross, principal, higher grades; Bessie Perham, primary grades.

Secretary Mellon told the committee that no suggestion had been made that the United States accept the German reparations bonds. The only funding negotiations that have been entered into, he said, were with Great Britain and they were of a preliminary nature.

"I tell you the News want ads certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

WASHINGTON, June 29.—Approximately one billion dollars interest was owed the United States by European debtor nations up to May 15, treasury officials told the senate finance committee today in explaining the administration bill to give the secretary of the treasury broad authority in funding all debts.

Secretary Mellon told the committee that no suggestion had been made that the United States accept the German reparations bonds. The only funding negotiations that have been entered into, he said, were with Great Britain and they were of a preliminary nature.

THEATRE AMERICAN THEATRE

THURSDAY AND FRIDAY

NO ADVANCE IN PRICES

"STOP—OR I WILL SHOOT!"

This pitiful wreck of what once had been a beautiful woman, still held in her trembling breast a consuming love for the son she had been forbidden to see.

And so she rose, armed with supernatural strength and defended him. An inspiring scene from a remarkable picture.

SAMUEL GOLDWYN
